

**More than numbers.** Census data provide unparalleled insight into the world's demographic, social, and economic development. The Argentina 2010 Census, part of the East View Global Census Archive® (GCA), addresses a wide range of topics at the highest level of detail possible.

**Making information available.** When initially acquired, the census data is stored in a complex database structure, with attribute descriptions in Spanish, limiting access to those with significant database management and programming experience. East View simplifies access, formatting the collection into an easy-to-use geodatabase which can be visualized using any GIS software and providing a comprehensive guide. Additionally, East View provides the original census documentation, allowing researchers to see first-hand how the data was gathered.

**Note:** The Argentina 1991 and 2001 censuses (GIS editions) are also available through GCA

# **CENSUS OVERVIEW**

Year: 2010 Polygons at ADM: 52,406
Population Coverage %: 100 Number of Questions: 44
Geography Coverage %: 100 Number of Answers: 402
Smallest Geography Name: Radios Data Points: 21,067,212

#### Notes

ADM Level: 6

• Population Coverage % indicates the percentage of total population of the country during the census year that this census covers

Urban/FG: FG

- · Geography Coverage % indicates the percentage of the total area of the country covered by the ADM polygons in this census
- Urban/FG indicates if this census provides Full Geographic (FG) coverage or if coverage is limited to Urban (U) or populated places

## **DELIVERABLES**

The Argentina 2010 Census has 100% population coverage, over 21 million data points, and consists of:

## Geodatabase

- Intuitive organization of census data
- Administrative boundary vector data at ADM 6 (Radios) for 52,406 census units
- Vector and aggregated tabular data at the Sectores level

### Shapefiles

 All vector and census data in ESRI Shapefile format

# Census Guide

Detailed descriptions for 402 census variables

# Original Census Documentation and Database

- · Delivered in native format
- · Census questionnaires

### Metadata

Full attribute level metadata in FGDC ISO format

# Argentina 2010 Census – GIS Edition

ADM 6/0 boundaries for all of Argentina; area in red is available as sample data

# **CENSUS QUESTIONS**

# Below is a representative sample of census questions included in the Argentina 2010 Census.

### 1. Demographic

Relationship / Sex / Birth data and age / Marital status

# 2. Migration

Place of birth

### 3. Social

Literacy / School attendance / Educational attainment

### 4. Economic

Activity status

### 5. Housing

Location of living quarters / Occupancy status / Ownership / Drinking water / Toilet / Sewage disposal / Fuel used for cooking / Use of housing unit / Occupancy by one or more households / Number of occupants / Building type / Construction material of floor, roof / State of repair / Characteristics of head or other reference member of

household / Information and communications technology / Durable household appliances
