Historical Country Mapping Information

Country Profile (PDF)

Topographic

The Cocos (Keeling) Islands group in the eastern Indian Ocean has been mapped by Australian agencies. The **Australian Surveying and Land Information Group (AUSLIG)** includes the islands in its mapping of external territories, with maps published on the UTM projection, Australian National spheroid, WGS 1972. A single-sheet 1:50,000 scale map published in the early 1970s, was revised in 1986. A two-sheet 1:25,000 scale six-color map was compiled by the **Royal Australian Survey Corps (RSvy)** and published in 1979. Both show relief with 10 m contours. An image map of the islands derived from SPOT imagery and incorporating tourist information was also recently published by **AUSLIG**.
