

A Quarterly Update of New and Noteworthy Acquisitions from East View Companies:

East View Geospatial | East View Information Services | Omnimap | Longitude Maps

NOTE: As of June 2022, the New and Noteworthy will be published quarterly and will feature all categories of maps and data.

Topographic and Geological Map Series from East View Geospatial

China Geological Maps

22-04-001 | [PURCHASE](#)

People's Republic of China Regional Geological Report / Zhonghua Renmin Gongheguo qu yu di zhi diao cha bao gao.

China University Press. 1:250,000 scale. 70 sheets and explanatory notes. Published 2010-2014. In Chinese. Color, stratigraphic columns, detailed geological legend. Partial country coverage.

Malawi GIS Data

22-04-002 | [PURCHASE](#)

Malawi 1:50,000 GIS Vector Data.

Malawi Survey Department. Last updated in 2017. Full country coverage. Contours 50 ft, height in feet and meters; ADM2 boundaries - international, regions, districts, some city level boundaries; Rivers, land use, agricultural development divisions, airports, and health facilities by type.

Mali Geological Maps

22-04-003 | [PURCHASE](#)

Carte de compilation géologique.

Direction Nationale de la Géologie et des Mines. 1:500,000 scale. 13 sheets. Published 1997. In French. Color, detailed legend. Partial country coverage.

22-04-004 | [PURCHASE](#)

Carte de compilation géologique / Carte géologique de Mali au 1/200 000 / Carte de L'Afrique de L'Ouest au 1/200 000.

Direction Nationale de la Géologie et des Mines. 1:200,000 scale. 21 sheets. Published 1997-2006. In French. Color, two styles, one with extra details, detailed legend. Partial country coverage.

Mali Topographic Maps, Photomaps

22-04-005 | [PURCHASE](#)

Carte topographique de Mali au 1:200,000 / Mali - Spatiocarte 1:200,000.

IGM. 1:200,000 scale. 118 sheets. Published 2016. Legend in French and English. Contours 20 m, International, region, and commune boundaries, two styles, photomaps with basic features, and color topos with detailed roads, railways, hydrography, and vegetation. Full country coverage.

Nicaragua Topographic Maps

22-04-006 | [PURCHASE](#)

DMA E751.

Instituto Nicaraguense de Estudios Territoriales. 1:50,000 scale. 313 sheets. Published 1988-2006. In Spanish. Contours 20 m, 5 colors, international, department & municipal boundaries, build-up areas, detailed roads, railroads, hydrography & land cover. Full country coverage.

Paraguay Topographic Maps

22-04-007 | [PURCHASE](#)

Carta Nacional, Paraguay 1:50,000 / H741.

Dirección del Servicio Geográfico Militar & Instituto Geográfico Militar Paraguay. 399 sheets. Published 1968-2009. In Spanish. Contours 10 m, 5 colors, International & department boundaries, detailed roads, railways, hydrography, and land vegetation. Partial country coverage.

Scientific and Specialty Atlases and Books from East View Information Services

Featured Atlases22-04-014 | \$46.00 | [PURCHASE](#)**Atlas de la Réunion rurale [Atlas of Rural Reunion]**

Orphie, France. 195 pages. ISBN 9791029804496. In French. 2021

Rurality in Reunion is changing. Yesterday, throughout the colonial period, it was dominant and the few towns were at the service of the plantation. Today, it has become almost residual in a tertiarized socio-economic system. Generalized urbanization submerges, shapes and standardizes the countryside where it is difficult to distinguish the rural from the urban. Tomorrow the continuous decline of the Reunionese countryside leads to questioning the very future of the island, the loss of the identity markers of its population, the development of its territory.

22-04-015 | \$90.00 | [PURCHASE](#)**Atlas polskiego podziemia niepodległościowego 1944-1956 [The Atlas of the Independence Underground in Poland 1944-1956]**

Instytut Pamięci Narodowej, Poland. 577 pages. ISBN 9788382290851. In English and Polish. 2020.

The Atlas of the Independence Underground in Poland 1944-1956 shows the profiles and post-war activities of the so-called cursed soldiers. For many years, knowledge about the Polish independence underground, about the soldiers we now call the cursed or steadfast, was pushed to the margins.

The propaganda of the Polish People's Republic forced the only correct version of history in which the majority of Polish society in 1944 supported the new communist government. In fact, those who tried to oppose this power, who did not agree to communism in Poland and to dependence on the Soviet Union, were ruthlessly exterminated. Their profiles are presented in the "The Atlas of the Independence Underground in Poland 1944-1956."

Africa22-04-016 | \$78.00 | [PURCHASE](#)**The Boer War Atlas**

30 Degrees South Publishers, South Africa. 271 pages. ISBN 9781928359838. In English. 2021.

Trade, Popular and Reference Maps and Atlases from Longitude Maps

New Partnership: Fishing Hot Spots

Fishing Hot Spots (FHS) is dedicated to making detailed, high-quality fishing maps and chips for navigation units that inform anglers when, where, and how to target various species.

Fishing Hot Spots started in 1975 with the creation of its first book of lake maps. Before long, FHS transitioned to the rugged, water-proof maps that they are known for today. Larger and more detailed, these maps featured more and better information, and they soon became the cornerstone of the business. Over time, the maps evolved, gaining precision through state-of-the-art, digital cartography. In the 1990's the fishing maps were united with the world of GPS navigation.

FHS works with the most in-the-know experts—guides, lake biologists, bait shop owners, tournament pros—to ensure that the information that shows up on FHS maps is as accurate and useful as possible. The current collection of where-to-fish information includes more than 600 print-edition maps spanning 41 states and digital products featuring over 150,000 points of interest.

Since February 2022, East View Map Link has partnered with Fishing Hot Spots to promote and manage the printed map business.

Below are the top 20 best-selling FHS maps for the past month. To view the full catalog of FHS print maps, rulers, and accessories visit www.longitudemaps.com/Fishing-Hot-Spots-s/2194.htm.

Global Census Archive from East View

East View presents the Global Census Archive® (GCA), an innovative program to collect officially published census-related materials from around the world.

This global collection contains GIS census data as well as all available published volumes, questionnaires and other census ephemera. Each census comes with an East View-produced census catalog, which serves as a finding aid and provides historical context.

East View provides a centralized publications platform and uniform GIS format for these materials, making a wide range of census assets easily accessible for discovery and analysis.

The listings below are a sample of available census publication collections and GIS census data. For the full list of available Publications and GIS Data, visit eastview.com/gca.

Services: Approval Plans, Digitization, Customization

East View offers approval plan services for maps and atlases tailored for a wide variety of libraries with unique needs and specifications. With many years of experience serving academic, public and government libraries with foreign language materials, we recognize the importance of establishing precise,

yet flexible parameters to ensure the best quality material and service. Contact us for more information.

In addition to approval plans, East View Geospatial provides high-quality and cost-effective mapping and GIS services and solutions, including custom map and data production, and digitization, mosaicking and hosting services via our [MapVault](#) program. Contact us today to discuss customized solutions for your mapping needs.
