

East View Geospatial is your source for thoughtfully designed and expertly crafted custom maps.

Our team of expert cartographers is ready to develop a custom map solution that successfully communicates your vision. East View's cartographic production team now includes Benchmark Maps, widely recognized as an industry leader in high quality cartography, adding a plethora of expertise and creativity to our team.

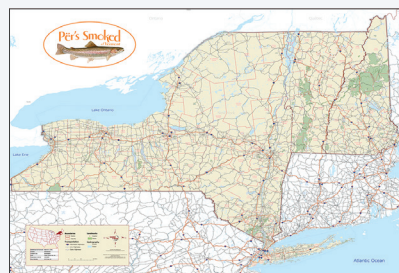

Turn to East View when you are looking for high quality cartographic content to represent your company, organization, idea, or to display proudly on your wall. From simple to full customization, we can make your ideas a reality.

Choose Your Customization Level

Simple Customization (\$50-\$200)

Limited customization such as personalized title and AOIs (e.g., a star to mark the location of a resort or cabin) and custom coloring (when possible). Multiple finishing options available including lamination, mounting, and framing.

Standard Customization (\$200-\$600)

Simple map customization options and minor personalization (e.g., color-coding zip codes for a county or state, centering a map around your lakefront cabin, etc.).

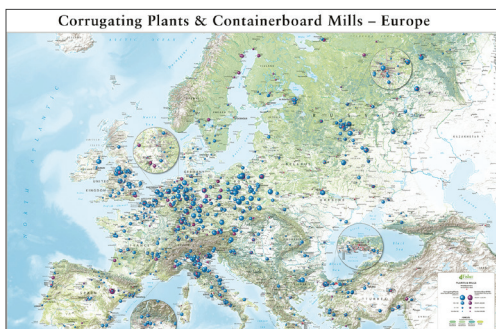

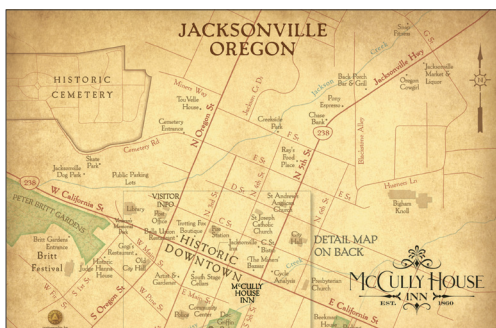

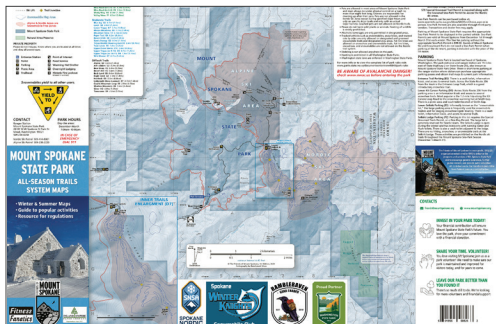

Full Customization (\$1,000+)

Detailed map with more customization options, extensive labeling, enhanced design, multiple scales/maps, research and acquisition of geospatial datasets, complex data conversion, etc.

Note: Pricing given above is approximate and may vary widely depending on your requirements. Actual estimates are detailed after consultation with East View.

What We Deliver

Custom map deliverables come in a variety of formats including print and digital. Our Print on Demand services can accommodate an assortment of sizes up to 60" wide and numerous paper types including but not limited to water resistant, Tyvek, and 40lb high quality. Lamination that accepts dry-erase markers is an option for some papers.

Digital versions are available in GeoTiff, PDF, JPEG, PNG, etc. If you wish to own the live, editable file or the copyright to your map please keep in mind that such ownership may incur additional costs.
