

**More than numbers.** Census data provides unparalleled insight into the lives of individuals. East View presents the Paraguay 2022 Census as part of the East View Global Census Archive® (GCA). The Paraguay 2022 Census addresses a wide range of topics at the highest level of detail possible.

**Making information available.** When initially acquired, the census data is stored in a complex database structure, with attribute descriptions in Spanish, limiting access to those with significant database management and programming experience. East View simplifies access, formatting the collection into an easy-to-use geodatabase which can be visualized using any GIS software and providing a comprehensive guide. Additionally, East View provides the original census documentation, allowing researchers to see first-hand how the data was gathered.

**Note:** The Paraguay 1992 and 2002 censuses (GIS editions) are also available through GCA

## CENSUS OVERVIEW

<b>Year:</b> 2022	<b>Polygons at ADM:</b> 264
<b>Population Coverage %:</b> 90.4	<b>Number of Questions:</b> 36
<b>Geography Coverage %:</b> 100	<b>Number of Answers:</b> 92
<b>Smallest Geography Name:</b> Districtos	<b>Data Points:</b> 363,980
<b>ADM Level:</b> 3	<b>Urban/FG:</b> FG

### Notes

- Population Coverage % indicates the percentage of total population of the country during the census year that this census covers
- Geography Coverage % indicates the percentage of the total area of the country covered by the ADM polygons in this census
- Urban/FG indicates if this census provides Full Geographic (FG) coverage or if coverage is limited to Urban (U) or populated places

## DELIVERABLES

The Paraguay 2022 Census has 90.4% population coverage, over 350,000 data points, and consists of:

### Geodatabase

- Intuitive organization of census data
- Administrative boundary vector data at ADM 3 (Districtos) for 264 census units
- Vector and aggregated tabular data at the Districtos level

### Shapefiles

- All vector and census data in ESRI Shapefile format

### Census Guide

- Detailed descriptions for 92 census variables

### Original Census Documentation and Database

- Delivered in native format
- Census questionnaires

### Metadata

- Full attribute level metadata in FGDC ISO format

ADM 3/0 boundaries for all of Paraguay; area in red, over Concepción department, is available as sample data
