

More than numbers. Census data provides unparalleled insight into the lives of individuals. East View presents the Uruguay 2011 Census as part of the East View Global Census Archive® (GCA). The Uruguay 2011 Census addresses a wide range of topics at the highest level of detail possible.

Making information available. When initially acquired, the census data is stored in a complex database structure, with attribute descriptions in English and Spanish, limiting access to those with significant database management and programming experience. East View simplifies access, formatting the collection into an easy-to-use geodatabase which can be visualized using any GIS software and providing a comprehensive guide. Additionally, East View provides the original census documentation, allowing researchers to see first-hand how the data was gathered.

CENSUS OVERVIEW

Year: 2011	Polygons at ADM: 4,313
Population Coverage %: 100	Number of Questions: 64
Geography Coverage %: 100	Number of Answers: 430
Smallest Geography Name: Segmento Censal	Data Points: 1,854,590
ADM Level: 3	Urban/FG: FG

Notes

- Population Coverage % indicates the percentage of total population of the country during the census year that this census covers
- Geography Coverage % indicates the percentage of the total area of the country covered by the ADM polygons in this census
- Urban/FG indicates if this census provides Full Geographic (FG) coverage or if coverage is limited to Urban (U) or populated places

DELIVERABLES

The Uruguay 2011 Census has 100% population coverage, over 1.8 million data points, and consists of:

Geodatabase

- Intuitive organization of census data
- Administrative boundary vector data at ADM 3 (Segmento Censal) for 4,313 census units
- Vector and aggregated tabular data at the Segmento Censal level

Shapefiles

- All vector and census data in ESRI Shapefile format

Census Guide

- Detailed descriptions for 430 census variables

Original Census Documentation and Database

- Delivered in native format
- Census questionnaires

Metadata

- Full attribute level metadata in FGDC ISO format

ADM 3/0 boundaries for all of Uruguay; area in red, over Paysandú, available as sample data
