Natsional'nyi atlas Arktiki [National Atlas of the Arctic, Национальный атлас Арктики]

Abramchenko, V.V. Moscow, Russia: Rosreestr Roskartografiia. Hardcover. 495 pages. ISBN 9785952303867. In Russian. 2017. 30 x 42 cm. Price: \$935.00

The long-awaited *National Atlas of the Arctic* is now available after three years of intensive research on Russia's Arctic region by over 200 of Russia's leading scientists and cartographers. Published by Roskartografia, this official government publication is divided into 22 sections, including geology, climate, subsoil resources, soil cover, demography, historical development, ecology, conservation, international cooperation and more. As the definitive reference volume on Russia's Arctic region, the *National Atlas of the Arctic* portrays many features through beautiful satellite images and landscape photography, all types of full-cover maps, detailed graphs and charts, and commentary on the latest discoveries.

Only 300 copies of this atlas are available for purchase. East View has copies in stock and can ship within three business days. This atlas will be a highly-prized reference work in any library – don't miss out on getting your own copy.

SPECIAL OFFER: Order your copy of the *National Atlas of the Arctic* before December 31, 2018 and get a 5% discount. Enter coupon code WMB608 when placing your order.
