Canada Hiking Maps from Backroads Mapbooks

The Backroad Recreation Maps are the ideal explorer maps of BC and Ontario. Highlighting popular recreational areas on large format, tear resistant and waterproof paper, these topographical maps are built to withstand all Mother Nature can throw at you. Easier to read than a traditional mapbook, they also include fish species and local service providers. Other notable features include hunting management units, logging roads or bush road systems, trails, parks and boat launches, as well as ATV and snowmobile routes.

- Printed on tear resistant and waterproof large format (70 cm x 100 cm/28" x 40") paper
- Larger scale maps allowing for easier readability of text
- The most up-to-date topographic maps available in Canada
- Fish species for lakes and rivers
- Local retailers and service providers
- Color road classifications distinguishing paved roads from logging roads
- Labeled roads, trails and recreational features
- Trail systems, including defined ATV, snowmobile & multi-use trail systems
- Park and backcountry campsites
- Paddling routes including access points and portages
- Wildlife management boundaries for anglers and hunters
- Wildlife viewing sites
- Elevation relief shading with labeled contours to highlight mountains and river valleys
- UTM Grids along with latitude and longitude bearings
- Ontario Crown and Private/Restricted Land identified

Canada Hiking Maps by Chrismar: The Adventure Map Series

The Adventure Map® is specifically designed for outdoor adventurers such as hikers, backpackers, and paddling enthusiasts who need an accurate, up-to-date, rugged map to get them into and safely back from the wilderness. You'll find all kinds of innovations and enhancements not found on other maps.

Compact and Waterproof. The Adventure Map® is compact (most measure 18x24" or less), easy to read, and easy to fold. The maps are also waterproof. In fact, Chrismar prints on specially-made, extra tough, waterproof plastic.

Loaded with Information. The Adventure Map® isn't just an exceptionally good topographic recreation map. Chrismar has also filled the other side of each sheet with color photos and important information about the area including natural and human history, local regulations, outdoor tips, safety concerns, addresses, useful phone numbers and more. There's also a detailed location map on the back cover.

Each Map Is an Original. Chrismar uses aerial photogrammetry to create a completely original contour map showing exceptional terrain detail, vegetation, trails, buildings, water and other features of greatest importance to outdoor adventurers. Chrismar also visits the site and conducts extensive field surveys of most trails, campsites, portages, and other important features to ensure each map is accurate and fully up-to-date.

64-26910 | \$18.99 | [PURCHASE](#)

Algonquin 1 - Corridor North Hiking/Canoeing Map. 1:80,000.

This map, one of six that covers the entire park, is ideal for paddling the popular canoe routes north of the Highway 60 corridor in Algonquin Park. In addition to topographic and vegetation detail, this map features campsites, portages, access points, hiking trails, facilities like campgrounds, telephones

and washrooms, historic sites and many more attractions. The map covers the area from Opeongo Lake and the Visitor Centre in the east to the park boundary in the west and from the Tim River and Lake La Muir in the north to Ragged and Whitefish Lakes in the south. Also shows the Highway 60 corridor and all the hiking trails, campgrounds, access points, and facilities along the way. It overlaps with the popular Algonquin 3-Corridor South map. 1 sheet, folded, waterproof.

64-26926 | \$19.99 | [PURCHASE](#)

Algonquin 2 - Northwest Algonquin. 1:80,000.

The entire Northwest quadrant of Algonquin is covered on this the third in the main Algonquin series. It overlaps the north edge of Algonquin 1-Corridor North and stretches from Kawawaymog Lake outside the west park boundary all the way over to Brent on Cedar Lake. At 1:80,000 scale this map shows more detail than government topos including campsites, portages, historic features, and more. The back side is covered with color photos and text detailing the natural and human history of the area along with suggested routes, safety tips, contact info and more. 1 sheet, folded, waterproof.

64-26918 | \$18.99 | [PURCHASE](#)

Algonquin 3 - Corridor South Canoeing/Hiking Map. 1:80,000.

This 1:80,000 scale map, one of six that covers the entire park, is ideal for paddling the popular canoe routes south of the Highway 60 corridor in Algonquin Park. In addition to topographic and vegetation detail, this map features campsites, portages, access points, hiking trails, facilities like campgrounds, telephones and washrooms, historic sites and many more attractions. The map covers the area from the town of Whitney in the east to Kawagama Lake outside the park in the west and from Canoe and Opeongo Lakes in the north to Hay and Madawaska Lakes in the south. Also shows Dividing Lake P.P. and overlaps with the popular Frost Centre and Algonquin 1-Corridor North maps. 1 sheet, folded, waterproof.

64-26919 | \$8.95 | [PURCHASE](#)

Algonquin Park - Barron/Achray Canoeing/hiking Map. 1:40,000.

The dominant feature of this popular area on the east side of Algonquin Park is the 100-metre deep Barron Canyon, but there are other great attractions too, including High Falls, Brigham Chutes, the Barron River, old log drive relics and much more, all detailed on this 1:40,000 scale map. The back side includes color photos of the area and text about local flora and fauna, suggested routes, safety concerns and contact info. Also covers the Sec/Mallard Lakes area. 1 sheet, folded.

64-26911 | \$9.99 | [PURCHASE](#)

Algonquin Park - Canoe Lake Canoeing/Hiking Map. 1:40,000.

This popular 1:40,000 scale map covers the area from Ragged Lake in the south to Joe Lake in the north and from Tea Lake in

the west to Source Lake in the east, including the busy Canoe Lake and Smoke Lake access points. The text and pictures on the reverse side describe the former logging boom town of Mowat, artist Tom Thomson and his mysterious death and local nursing legend Molly Colson, as well as hiking trails, park facilities and trip tips. 1 sheet, folded.

64-26915 | \$9.99 | [PURCHASE](#)

Algonquin Park - Opeongo Lake Canoeing/Hiking Map. 1:50,000.

Opeongo is the largest lake in Algonquin Park, and plenty big enough for a week or more of canoe tripping. Other lakes on this 1:50,000 scale map include Happy Isle, Redrock, Proulx, Wright and Bonfield, as well as campsites, portages, facilities, fish species and other features, including the routes of two of the first explorers through the area. The back side features color photos and text about the area, including several recommended trips in the area. 1 sheet, folded.

64-26910-01 | \$10.99 | [PURCHASE](#)

Arrowhead Provincial Park. 1:12,000.

Located just north of Huntsville on Hwy 11, this small provincial park is full of great outdoor adventure options. Our large-scale 1:12,000 topographic map shows all trails, lakes, streams, wetlands, open areas, extraordinary contour detail and even individual campsites. The back side is filled with informative text and color photographs about the natural and human history of the area, trail descriptions, canoe routes, safety tips, contact info, and more. This map has been adopted as the official map of the park. 1 sheet, folded.

64-26910-02 | \$24.99 | [PURCHASE](#)

Ayuittuq National Park - Akshayuk Pass. 1:65,000.

The Akshayuk Pass, formerly known as Pangnirtung Pass, is an extraordinary 100-km trek through a land recently vacated by glaciers. In a land not without its hazards, this Adventure Map®, which has been adopted by the Park as their official map and safety guide, is an essential tool for planning the logistically challenging trip. Various routes are possible, with numerous sites well worth seeing along the way. In addition to an extraordinarily detailed map of the valley, this guide also includes a smaller map of the entire park as well as detailed maps of the two towns (Pangnirtung and Qikiqtarjuaq) closely associated with the route. This map shows emergency facilities, glaciers, glacial streams, moraines and incredibly detailed land and waterscapes. Also color photos, inset maps and detailed text about natural and human history, vital safety tips, recommended equipment, weather, local communities, contact info and much more. Released July 2005. 1 sheet, folded.

64-26910-05 | \$13.99 | [PURCHASE](#)

Bonnechere River Provincial Park and Area map. 1:25,000.

The Little Bonnechere, as this section of river is traditionally called, is one of eastern Ontario's best canoeing rivers, with a

fine combination of natural beauty, moving water, small lakes and human history. This 1:25,000 scale map covers the 35-kilometre section of river between Basin Lake in Algonquin Park and Round Lake, and has all the usual features including terrain details, portages, campsites, human history, safety concerns, access points, contact information and much more. 1 sheet, folded.

64-26920 | \$9.99 | [PURCHASE](#)

Dundas Valley Hiking map. 1:10,000.

A wilderness conservation area between the towns of Ancaster and Dundas, this area is popular with hikers, mountain bikers, and horseback riders looking for extensive trails and solitude among the rolling hills and beautiful scenery of the Niagara Escarpment. Also includes a section of the Bruce Trail. The scale of 1:10,000 ensures lots of trail, topographic and vegetation detail, and on the back side are color photos and text details about local history, flora and fauna, trail descriptions, safety concerns, contact info and more. This map has been adopted as the official map of Dundas Valley by the Hamilton Region Conservation Authority. 1 sheet folded.

64-26910-06 | \$13.99 | [PURCHASE](#)

Esler Lakes Provincial Park map. 1:20,000.

Our large-scale 1:20,000 scale topographic map shows trails, lakes, streams, wetlands, open areas, extraordinary contour detail and much more of this little-known park situated in the sandy forests near Kirkland Lake, Ontario. The back side is filled with informative text and color photographs about the natural and human history of the area, trail descriptions, canoe routes, safety tips, contact info, and more. This map has been adopted as the official map of the park. 1 sheet folded.

64-26910-07 | \$13.99 | [PURCHASE](#)

Franklin, Mink, & McCoy Islands map. 1:30,000.

The east shore of Georgian Bay to the west of Parry Sound and Killbear Provincial Park is dotted with thousands of islands. This is probably the most popular sea kayaking area in all of the Great Lakes. This map, the first of a series along the coast, includes Franklin Island near the coast, the Mink Islands beyond them and the McCoy Islands to the north. The entire backside of this 46x61cm (18x24 inch) waterproof map (folded 4x9 inches) contains details on human history of this area, as well as color photographs about the geologic and natural history of the area, plus significant sections about planning your trip, route suggestions, gear guide, backcountry etiquette, safety concerns, contact information and much more. This 1:30,000 scale map has extraordinary geographic detail plus special features showing shallow waters, shoals, buoys, ranges, lighthouses and other nautical items. On waterproof plastic as usual, so sea kayakers can get it as wet as they like without it disintegrating. 1 sheet folded.

64-26912 | \$13.99 | [PURCHASE](#)

Frost Centre Area (Leslie M. Frost Natural Resources Centre) Hiking/Canoeing map. 1:50,000.

This 1:50,000 scale map covers over 500 km² of wilderness in the Haliburton Highlands/Muskoka Lakes region of Ontario, including the popular 200 km² tract of crown land known as the Leslie Frost Centre. A great destination for paddlers and backpackers alike. Hiking trails, campsites, portages, access points, facilities and other attractions are featured on this map. 1 sheet folded.

64-26917 | \$18.99 | [PURCHASE](#)

Glacier National Park - Rogers Pass Region Hiking Map. 1:50,000.

Add the cool grandeur of huge glaciers and icefields to the majesty of the Columbia Mountains and you've got British Columbia's Glacier N.P., a fabulous hiking, camping, mountaineering and winter adventure destination. This 1:50,000 scale map covers the hub of activity in Glacier N.P., including hundreds of kilometres of hiking trails and ski country, the historic Rogers Pass itself, train tunnels, facilities, and attractions. 1 sheet folded.

64-26910-08 | \$13.99 | [PURCHASE](#)

Grundy Lake Provincial Park and Area map. 1:25,000.

This 3636-hectare provincial park is one of only a few that prohibit motor boats. There are also several excellent hiking trails meandering across rocky outcrops of the Precambrian Shield. Our map cover parts of the Pickerel River and other lands outside the park as well. This 1:25,000 scale topographic map has unprecedented detail, and includes access points, campsites, portages, plus many other features. The back side includes a complete description of natural and human history, local attractions, paddling and hiking routes, safety concerns, contact info and fine color photos. 1 sheet folded, waterproof.

64-26910-09 | \$13.99 | [PURCHASE](#)

Halfway Lake Provincial Park map. 1:25,000.

This compact provincial park sits on the Canadian Shield about an hour north of Sudbury. Easily accessible by highway, it has a fine combination of great hiking trails with exceptional viewpoints, and several little-used, but excellent backcountry canoe routes. Our large-scale 1:25,000 scale topographic map shows trails, lakes, streams, wetlands, open areas, extraordinary contour detail and much more. And the back side is filled with informative text and color photographs about the natural and human history of the area, trail descriptions, canoe routes, safety tips, contact info, and more. This detailed map has been adopted as the official Park map. 1 sheet folded.

64-26921 | \$18.99 | [PURCHASE](#)**Kootenay National Park - The Rockwall Region Hiking map. 1:50,000.**

Superb backcountry campsites and a network of over 100 km of hiking trails await your journey along The Rockwall, the towering 900-metre high face of rock overlooking some of the most spectacular scenes in the Rockies. There are a variety of other easy to access attractions along Highway 93, including the Paint Pots, Marble Canyon, Numa Creek, Vermilion Crossing and the Kootenay Park Lodge. This 1:50,000 scale map covers the entire north end of Kootenay National Park and overlaps the Lake O'Hara map. 1 sheet, folded, waterproof.

64-26914 | \$15.99 | [PURCHASE](#)**Mt. Revelstoke Hiking map. 1:50,000.**

Just a few kilometres down the road from Glacier N.P. (west of Banff National Park), this is a compact 260 km² reserve of world-renowned wildflower meadows, dense forests, mountains and glaciers. A wonderful variety of hiking and backpacking trails, lovely sub-alpine and alpine scenery, and plentiful wildlife. The map covers the Meadows in the Sky Parkway and Mt. Revelstoke Summit trail in detail. Includes the popular routes to Miller, Eva, and Jade Lakes plus over 40 kilometers of exceptional hiking, ski and interpretive trails. 1 sheet, folded, waterproof.

64-26910-12 | \$13.99 | [PURCHASE](#)**Obatanga Provincial Park map. 1:50,000.**

Obatanga is a charming medium-sized park straddling the Trans-Canada Hwy 17 north of Wawa. Still relatively unknown, it is an area of superb paddling and hiking terrain for novices, families and veterans. This 1:50,000 scale map covers the entire park plus an equal area outside it (about 310 km² in total) including the top end of the semi-famous Dog River, numerous paddling lakes and streams, as well as hiking trails and other park facilities. This map has been adopted as the official map of Obatanga Provincial Park. 1 sheet, folded.

64-26916 | \$6.95 | [PURCHASE](#)**Point Pelee Hiking/Birdwatching map. 1:16,000.**

Located at the same latitude as northern California, this southern Ontario park acts as one of the world's most famous gathering places and directional beacons for hundreds of species of birds and butterflies. A great place to hike, bike and paddle. 1 sheet, folded.

64-26910-14 | \$19.99 | [PURCHASE](#)**Quetico Provincial Park map. 1:125,000.**

Quetico Provincial Park, located in western Ontario on the international border with Boundary Waters Canoe Area Wilderness in Minnesota, is one of the world's finest paddling destinations. Quetico is a superb network of beautiful lakes and rivers connected by short portages that bypass occasional

rapids and a large number of waterfalls. Text and color photos cover the entire backside of this 91x66cm (26x36 inch) waterproof map (folded 4x9 inches). You'll find information about the geologic and natural history of the area, the rich human history, pictographs, fishing, backcountry procedures & etiquette, sample routes, safety tips, contact information and much more. This 1:125,000 scale planning map has extraordinary geographic detail plus ranger stations, entry points, portages, island names, lake elevations, historic attractions and many other features. Also covers areas outside the Park including the northern edge of Boundary Waters Canoe Area Wilderness. 1 sheet, folded, on waterproof plastic.

64-26925 | \$18.99 | [PURCHASE](#)**Spanish River Canoeing map. 1:60,000.**

One of southern Canada's great wilderness rivers, the Spanish is located northwest of Sudbury in Ontario. This 1:60,000 scale map shows you the rapids, falls, swifts, campsites, portages, access points and other features of the East and West Branches. In addition to a detailed description of the river, we've also provided lots of info about the rich log drive history of the area, the plentiful animals, access options, local outfitters, safety concerns and much more. 1 sheet, folded, waterproof.

64-26910-15 | \$19.99 | [PURCHASE](#)**Temagami #1 - Northeast area map. 1:80,000.**

One of the world's great paddling areas, Temagami provides thousands of lakes and rivers among the rocky forested hills of northern Ontario. Our map covers the Northeast quadrant of the main region, and is bounded by Maple Mountain to the west, Latchford and Hwy 11 to the east, Wakimika Lake, Sandy Inlet and Red Squirrel Road to the south and the Spray Creek/Big Spring Lake/Montreal River junction to the north. In addition to the contour, vegetation and water detail on this map we've also included most of the official campsites, portages, public hiking trails and access points, as well as historical features, primary fish species by lake, lake elevations, access roads, island numbers and more. Similar in character to our very popular Algonquin series, this map, at 1:80,000 scale, and 24x25", with a contour interval of 20m, has considerably more detail than government topos or any other map of the area. The backside of the map is covered with text and lovely color photos about natural and human history, suggested routes, safety tips, contact information including local outfitters, and much more. 1 sheet, folded.

64-26910-16 | \$19.99 | [PURCHASE](#)**Temagami #2 - Lake Temagami area map. 1:80,000.**

This map shows the heart of Temagami; the octopus-like lake that has become one of Ontario's most popular tourist destinations. The Lake Temagami map includes the area from Obabika Lake to the west, Diamond Lake to the north, the village of Temagami, White Bear Forest and Cassels Lake to the east, and Wawiashkashi Lake, the edge of the Sturgeon River and

Marion Lake to the south. Temagami 1-Northwest overlaps the top edge of this map and the Temagami 3-Marten/Temagami River area will overlap the bottom right edge. At 1:80,000 scale this map shows more detail than government topos including campsites, portages, historic features and incredibly detailed land and waterscapes. The back side is covered with color photos and text detailing the natural and human history of the area along with suggested routes, safety tips, contact info and much more. 1 sheet, folded.

Services: Approval Plans, Digitization, Customization

East View offers approval plan services for maps and atlases tailored for a wide variety of libraries with unique needs and specifications. With many years of experience serving academic, public and government libraries with foreign language materials, we recognize the importance of establishing precise, yet flexible parameters to ensure the best quality material and service. Contact us for more information.

In addition to approval plans, East View Geospatial provides high-quality and cost-effective mapping and GIS services and solutions, including custom map and data production, and digitization, mosaicking and hosting services via our [MapVault](#) program. Contact us today to discuss customized solutions for your mapping needs.
